Welcoming and Ice-breaker session	Session 1 Keynote speeches	Session 2: Engagement Session	Session 3: Training session: Tools & methods for capitalization activities (Project Examples)	Wrap-up and conclusions
			5. Elisabetta Salvatori (B-Blue)	
Objective				
<p>Welcoming remarks setting the scene and objectives of the session. To provide an opportunity for everyone to know who is in the “room”. It also allows for late commers not to miss any keynote speeches. Get participants used to using Sli.do</p>	<p>Inspirational speeches to provide vision to the challenges and solutions facing the Mediterranean food systems.</p>	<p>Through engagement tools, the participants will identify potential solutions; match with existing challenges and to think further on the challenges for their specific regions. Finally, participants will provide areas where they see collaboration and networking opportunities</p>	<p>We will hear from 5 case study projects in the Mediterranean. The projects will focus on the specific methods, tools and processes they have provided to overcome food system challenges in the Mediterranean. The presentations will be engaging with the use of short videos and many visuals.</p>	<p>To summarize the key points discussed and to provide a synthesised set of results of the engagement session., highlight conclusions, and farewell.</p>
Tools				
Sli.do poles and quick questions	Zoom Presentations	Sli.do	Zoom Presentations	Sli.do Zoom Presentation of results and follow-up
Outputs				

Welcoming and Ice-breaker session	Session 1 Keynote speeches	Session 2: Engagement Session	Session 3: Training session: Tools & methods for capitalization activities (Project Examples)	Wrap-up and conclusions
<p>Everyone is clear about the workshop objective and more relaxed and ready for the session.</p>	<p>Setting the scene and providing vision and inspiration for the engagement session and for the fields of action in the blue and green Mediterranean food systems</p>	<p>Participants would have developed a deeper understanding and new ideas for actions in the respective key areas; Potentially new connections among participants will be forged in this session.</p>	<p>Best practices and recommendations for capitalization activities highlighted. Best case study examples provided.</p>	<p>Conclusions and outcomes of the training clearly stated. Information to participants how they can further collaborate.</p>
