

NEWSLETTER NO.4

CreaTive Digital Waters

SCOPE

CreDiT was launched in February 2023 with the aim to improve people's access & interpretation of water heritage inside and outside museums through the co-creation of digital campaigns and tools such as digital routes, 3D models, e-media for kids, etc. within its two-years lifespan.

PARTNERSHIP

- DOC SERVIZI - Italy
- VIRTUALGEO (Geomatics and Communication) - Italy
- Global Network of Water Museums (WAMUNET)
- Mediterranean Information Office/HYDRIA virtual museum - Greece
- Opificio delle Acque (GACRES) - Italy
- Aquatika freshwater aquarium Karlovac-Croatia

CREDIT TOOLKIT RELEASED!

This toolkit focusing to provide support to water museums for digitizing, interpreting and narrating water heritage targeting young people. The toolkit provides simple and clear guidelines for devising a digital tour of a cultural or natural water-related heritage, creating 3d Models based on a sequence of photographs and engaging visitors through interactive coloring and arting activities! Access the toolkit from this [link](#).

AQUAPLAY IS ON AIR!

AQUAPLAY, the main legacy of CreDiT, is an interactive educational tool for students worldwide to explore the importance of water through fun and creative coloring activities. The sketches for coloring are divided in 4 themes:

- Biodiversity/Ecosystems,
- Water Heritage
- Climate Change
- Peace/Cooperation through Water.

Enjoy the tool at:

CREDIT FINAL CONFERENCE

took place in the afternoon of the 30th of January 2025 (Athens) celebrating two years of learning and co-creation of new digital tools to enhance sustainability education in museums! The 20 participants were introduced to CreDiT's new webplatforms of the water museums and AQUAPLAY tool. The morning of same day more than 60 high-school students were exploring them in a dedicated session!
