DAILY PROGRAMME

ASTEROUSIA HYBRID UNIVERSITY 2026-2027: PHASE A 4-8 OCTOBER 2026, ASTEROUSIA BR, CRETE *Climate-Resilient Communities in Mediterranean Biosphere Reserves*

This year's University focuses on how communities in Biosphere Reserves implement measures to build resilience to Climate Change. The related lifelong ESD, which extends beyond the classroom and also covers the productive sectors, along with related methods for the effective involvement of local young people, is included in the training.

Find all places we visit throughout the event on this [Online Map](#).

SUNDAY 4 OCTOBER, ARRIVALS, TRANSFER TO KAPETANIANA
